Table 17.2.3.4 - Toll-Free Network Access Transport

<p>Contractor's Description of Service, include required service description, features and additional features offered by the Contractor: Dedicated network transport services for accessing the AT&T Toll Free Network are provided as follows:</p> <p>1)DS1 - supporting up to 1.544 Mbps providing full duplex, four (4) wire, synchronous serial digital data transport. The DS1 services will be channelized (24 multiplexed DS0 channels each at 64Kbps) and will be B8ZS, which is the line coding that allows use of the entire bandwidth of a 1.544 facility, and Extended Super Frame (ESF), which uses a framing bit for non-intrusive signaling and control.</p> <p>2)DS3 - supporting speeds up to 45 Mbps on a single circuit or channelized into 28 DS1 channels or 672 DS0 channels.</p> <p>3)Primary Rate ISDN - supporting configurations of 'B' and 'D' channels over a DS1 transport facility</p>
<p>Geographic Availability: AT&T Dedicated network transport service is available throughout the United States, in all Incumbent Local Exchange Carrier (ILEC) territories open to competition as defined by the governing Public Utilities Commission where facilities are available either through AT&T-owned facilities or through resale of Incumbent Local Exchange Carrier facilities.</p>
<p>Service Limitations and Restrictions: Dedicated network transport services may only be used in conjunction with AT&T Toll Free Calling Services.</p>
<p>State Associated Administrative Fee (SAAF) Charge: Services identified below with "Yes" in the SAAF Applied column will have a 2.5% fee applied to the Monthly Recurring Charge or usage. Charges below do not include the SAAF. The SAAF will appear as a separate line on the customer's invoice.</p>

Table 17.2.5.1 - International Toll-Free Service

<p>Contractor's Description of Service, include required service description, features and additional features offered by the Contractor: International Toll Free services provided through AT&T's Global Toll Free platform. The platform supports all International calling requirements from the following countries with rates based on U.S. termination type (dedicated and switched) and time of day. For international calls, peak periods vary by country. Global Toll Free is a custom network service that will provides a virtual private network with either dedicated (DS1, DS3, ISDN PRI) or switched (Dial 1) terminations.</p>
<p>Geographic Availability: AT&T International Toll Free calling is available throughout the United States, in all Incumbent Local Exchange Carrier (ILEC) territories open to competition as defined by the governing Public Utilities Commission where facilities are available either through AT&T-owned facilities or through resale of Incumbent Local Exchange Carrier facilities. For switched termination, a 10 digit Public Switched Telephone Network (PSTN) routable Plain Old Telephone Service (POTS) line is required to terminate International Toll Free calls.</p>
<p>Service Limitations and Restrictions: Network transport services may only be used in conjunction with AT&T Toll Free Calling Services.</p>
<p>State Associated Administrative Fee (SAAF) Charge: Services identified below with "Yes" in the SAAF Applied column will have a 2.5% fee applied to the Monthly Recurring Charge or usage. Charges below do not include the SAAF. The SAAF will appear as a separate line on the customer's invoice.</p>

Service Limitations and Restrictions for 17.3.2.a:

- Installation of cabling for extending services from the MPOE location to the Customer's point of utilization
- Installation of cross connects or rearrangement of existing jumpers
- Identification and testing of existing cabling beyond the MPOE to the Customer's Equipment location
- Customer must provide access to facilities
- Customer to provide primary contact information on work orders
- Standard business office environment, working height is no more than 10ft in height in any area, is open and free of insulation or other obstructions, and has easily accessible drop-in panels.
- Removal and/or replacement of interlocking ceiling tiles not included
- Core drilling not included
- Backboards not included
- No special equipment is required to extend cabling (e.g. scissors lifts, extension ladder, hammer drill, concrete saw, jackhammer, etc.)
- Signal repeaters/extenders and media converters are not included
- Cutting raised Floor tiles not included
- Material sales tax not included
- Performance bond fees not included
- Payment bond fees not included
- Permit Fees not included
- Raceways, conduits, communication poles/power poles, sleeves, surface mount channel raceways, innerduct not included
- Racks and associated hardware not included
- Scissor Lift, Man-Lift, Boom Lift not included
- Expedited shipping fees not included
- All material pricing excludes sales tax; material sales tax shall be applied at time of providing customers a quote and aligned to applicable site project addresses;
- All pricing is based upon California Prevailing Wages, prevailing wage craft, Telecommunications Technician, with exception of conduit, electrical and grounding work. Conduit, electrical and grounding work is based on prevailing wage craft Inside Wireman;
- Alterations or deviations, if any, from subsequent proposed scopes of work, or any delays or postponements of the work by the Client or it's agents which result in additional materials or labor costs will be billed at established unitized pricing. Any extra move on or off the job site due to circumstances beyond AT&T's control will be billed as an extra at hourly labor and equipment rates in effect at the time;
- Pricing is valid through original contract term;
- Client is responsible for identifying all areas containing asbestos, lead paint, and /or other hazardous materials. Client is also responsible for the removal and /or abatement of all hazardous materials and any associated costs;
- Client shall provide a suitable and safe environment for AT&T work at Client's premises. Prior to AT&T's commencement of the work proposed hereunder, Client shall advise AT&T of the presence on Client's premises of any substance or material that is classified as a hazardous material, hazardous chemical, hazardous substance, pollutant, contaminant, or toxic substance under any federal, state, or local law, regulation or ordinance ("Laws") related to the pollution or protection of air, ground or surface water, soil or other environmental media or occupational health and safety ("Hazardous Substance") or any other environmental or safety hazard. AT&T does not handle, remove, or dispose of Hazardous Substances on Client's premises;
- If, during its performance of services, AT&T's employees, subcontractors, or agents encounter a Hazardous Substance or other environmental or safety hazard, AT&T may suspend its performance until Client, at its own expense, completes the clean up and removal of the Hazardous Substance in accordance with applicable Laws or removes hazards to AT&T's

satisfaction. Client's failure to abate a Hazardous Substance or hazard within thirty (30) days of AT&T's suspension of performance pursuant to this clause shall constitute a material breach for which AT&T may terminate this contract or the applicable order. Client shall pay AT&T for any costs, expenses, fines, or penalties incurred by AT&T as a result of the presence of the Hazardous Substance or hazard and its suspension of performance;

- All items excludes X-ray and/or radar of walls and floors.
- AT&T does not warrant and / or guarantee customer's existing cable facilities nor warrant or guarantee that the customer's existing cable facilities meets performance requirements, standards compliance or compliance with national or local codes.
